

[FAQ]

Can GV-AS ID F Card & F Tag be applied to GV-Reader?

Article ID: GV13-04-12-k

Release Date: 04/12/2013

Applied to

GV-AS ID Card & Tag

GV-AS ID F Card & F Tag

Question

Can GV-AS ID F Card & F Tag be applied to GV-Reader?

Answer

Yes, the GV-AS ID F Card & F can be applied to the GV-Reader and GV-Access Controller.

GV-AS ID Card & Tag are designed for GV-Reader and GV-Access Controller, while **GV-AS ID F Card & F Tag** are designed for GV-GF Fingerprint Reader. Since the GV-AS ID F Card & Tag include not just the accessing information but also the fingerprints of the card holders, they can be used to access GV-Access Controller and GV-Reader as well. On the other hand, GV-AS ID Card & Tag can be used to access GV-GF1911/1912 models when using the Card Only Mode.

For detailed information on the GV-AS ID Card & Tag, refer to GeoVision's Website:
