Can GV-Video Capture Card work with other video capture software?

Release Date: 10/18/2010

Applied to

GV-System

Question

Can I use my GV-Video Capture Card with other video capture software?

Answer

GeoVision uses the proprietary driver, so the GV-Video Capture Card can only work with GeoVision software. However, we offer SDK for customers. To acquire the SDK, please contact sdk@geovision.com.tw.
