[FAQ]

Does GV-POE Switch support SFP+?

Article ID: GV3-14-02-07-m

Release Date: 11/13/2013

Revision Date: 02/07/2014

Applied to

GV-POE0801

GV-POE1601

GV-POE1611

GV-POE2401

GV-POE2411

Question

Does the SFP port of GV-POE Switch support SFP+?

Answer

GV-POE0801 / 1601 / 1611 / 2401 / 2411 are equipped with 1 / 2 / 4 / 2 / 4 Gigabit SFP port(s) for the Gigabit Ethernet connection. The Gigabit SFP port can be compatible with the SFP+ module, but it only supports data rates up to 1 GB.

For the overview of the Gigabit SFP port, refer to the figures below:

GV-POE0801

GV-POE1601
