

[FAQ]

Why does a warning message appear when running ViewLog on GV-NVR Lite V2?

Article ID: GV5-13-07-05-k

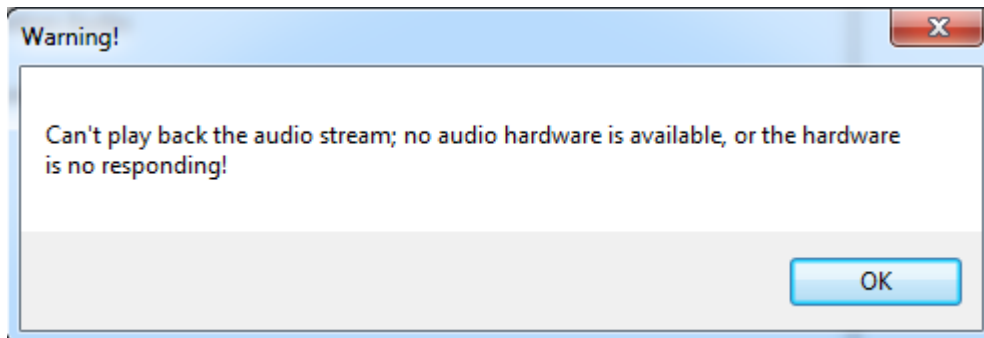

Release Date: 07/05/2013

Applied to

GV-NVR Lite System V2

Question

Why does a warning message appear when running ViewLog on GV-NVR Lite V2?

Answer

The warning message appears because speakers are not connected. This warning message will no longer pop up once the speakers are properly connected to the device.
