

[FAQ]

Does GV-SD200 support authentication when connecting through RTSP?

Article ID: GV40-12-12-25-t-1

Release Date: 12/25/2012

Applied to

GV-SD200 / GV-SD200-S IP Speed Dome

Question

Does GV-SD200 / GV-SD200-S support authentication when connecting through RTSP?

Answer

Currently, authentication through username and password is not supported when connecting to GV-SD200 / GV-SD200-S through RTSP protocol. This function will be supported in future firmware releases.
