Article ID: GV3-12-04-c

Release Date: 12/04/2013

Applied to

GV-IP Cameras

Question

Which GV-IP Cameras support recording of 1920 x 1080 at 25 fps?

Answer

Currently, all GV-IP Cameras support recording of 1920 x 1080 at 30 fps except for GV-SD200/200S and GV-SD220/220S (with 50 Hz for Flicker Hz value), which support recording of 1920 x 1080 at 25 fps.
