Question

Why does the Resolution Error message pop up in Multi View?

Answer

The Resolution Error message in Multi View application contains the following description:

- Screen resolution is smaller than 1024 x 760
- Display size of text is not default 100% size

To solve the problem

- Change screen resolution to 1024 x 760 or higher.
- Change the Windows size of text setting to default 100% size.
