# Why user privilege audio is disabled in VMS v14.101 but audio still works in GV-Eye v2.2?

**Release Date: 1/6/2016**

## Applied to

GV-Eye v2.2

## Question

Why user privilege audio is disabled in VMS v14.101 but audio still works in GV-Eye v2.2?

## Answer

VMS v14.101 and v15.1 will not support account privileges for GV-Eye. It will be added in future version of VMS

Reference:
[ UVS - 201511258002 ] GV-Eye v2.2 connected to VMS v14.101, disable audio wont work
