

[Specification Change Notice]

GV-System Changes:

End of Support for Windows XP and Vista

Article ID: GV1-16-09-23-al

Release Date: 09/23/2016

Revised Date: 10/7/2016

Applied to

GV-System (GV-DVR/NVR) V8.7.1.0

Description of Changes

Starting from September 2016, GV-System will be ending support for Windows XP and Windows Vista, since these operating systems are no longer actively supported by Microsoft. You can use GV-System V8.7.1.0 once you move to the following versions of Windows:

Operating System	32-Bit	Windows 7 / 8 / 8.1 / 10 / Server 2008
	64-Bit	Windows 7 / 8 / 8.1 / 10 / Server 2008 R2 / Server 2012 R2

For users of earlier versions of Windows, you may need to install the GV-System V8.7.0.0 patch. For details, see
