

Compatibility Issue with GV-System on Windows 7, XP and Vista

Article ID: GV1-16-10-07-al

Release Date: 10/07/2016

Applied to

GV-System (GV-DVR/NVR) V8.7.0.0

Symptom

If you run GV-System V8.7.0.0 on Windows 7 (without SP1) or earlier versions of Windows, you may not be able to open the program. A system running error message will be displayed when you try to use an incompatible Windows version.

Solution

The GV-System V8.7.0.0 patch resolves the warning message about the compatibility issue mentioned above.

How to Install the Patch File

Before installing the patch, close the GV-System (GV-DVR/NVR) including the remote services.

1. Download the patch file (997 KB) from the link below:

http://pd.geovision.tw/ira/patch_file/DVRNVR/20161006/DVRNVR_V8700.e.zip

2. Execute the downloaded file GV-NVR_V8.7.0.0.e.exe

3. Follow the on-screen prompt to update the files.

4. Restart the GV-System.
